“ *Words can not describe the sadness I feel inside.... When I got the call, I left my route to come check on you, only to see that God had called you home. I was in total disbelief and couldn't believe it!! Not only were you an amazing sub and could run my route better than I could, you were an amazing friend. Never did I hear you speak badly of anyone. You were an outstanding mother that loved her boys, with everything that you had. I ALWAYS ADMIRED you for that! Our hearts will never be the same, they will forever be broken. May you rest in peace sweet ,Christina. I love you and will miss you always *

“ *I've known Christina since we were little kids. Mark and I have been friends since the summer before the 4th grade. When me and mark were outside playing- Christina and my sisters were there too! It was always boys vs girls while playing on our fence row fort built of tree limbs and dirt! Christina and Mark have always been like cousins to me! Christina you surely are missed by your family and friends!!*

“ This is Bob Felder. I had been working at United Circuits (UCI) since 1989 and have seen a lot of people come & go during that time. I am so sorry to hear about Christina's passing. We are all so sorry about this. I bought UCI about 5 years ago and we are now called Heartland Electronics & Cable Assembly, Inc (HECA) and still located on Mt. Lebanon in the same old school and pre-fab buildings. Many of us have been here for 25 plus years and we all knew Christina and how hard she worked for us here. She was a wonderful person, friend to all of us and a great worker in everything we ever asked her to do. HECA is a very differently run company then UCI was and we are doing well because some of those same people are still here. I will always miss Christina now because she was the kind of employee that you always remember. She was always happy and cheerful and we are just devastated by her loss. I remember her beautiful smile and how she added so much joy to our lives while she was here. We missed her when she left because she was very dedicated to her daily tasks and she was easy to teach new skills to. We all loved her as we all love everyone here and we are all a very happy family here at HECA. Christina will forever be a part of our family. I know that when dreadful things happen on earth the God has every situation in hand and I know that he is holding Christina right now and that she is still smiling that beautiful bright eyed smile. We are so very sorry for yours, ours and everyone's loss. I wish all of you peace and comfort. Bob Felder, CEO Heartland Electronics & Cable Assembly, Inc.

“ I am Christinsa grandmother, Carol Staggs. Her mother Cindy's mother. I am not listed in the obituary but I am alive and I loved Christina with all my heart. She us the first grandchild I have lost and it really hurts. But I know she is with Cindy and her great grandmother Crutcher she loved so much. She is full of joy. But she will be so missed by her family. Her sons adored her. Her husband did too. Her brother Mark was her best friend. She was joy and laughter to so msnybwho knew her. You will be missed Christina. Be safe in the arms of the Lord.
