“ Mom it likes 4 days being a month since you left us, and no a day has gone by that I have not started to call you. when it rained, when it was cold, when it was hot, just to hear your voice, would be so great but I know we will have a lot of catching up to do when I get to heaven and see you again, I'm going to wrap my arms around and give you the biggest hug and kiss. We all miss you so much. Not a day goes by that I don't cry for you because I miss you so I feel empty, there's a hole where you used to be that will stay empty till we are together again, but I'm glad your in heaven with Granny, Papaw, James Uncle Red, aunt Jean and all of our other loves ones, no pain and no sorrow. I had 65 years,5 months and 2 days for you as my mom here on earth and God blessed me the day he put me in your wound. I'm trying to do what you asked me to but sometimes it hard, but for you I will try harder. I love you mom  
Love always and forever
