“ I love you with all my heart Lil brother. I will never forget the time you stepped on a big piece of glass and cut your foot open and I whooped Alton for it because I thought it was his fought.. We were so young I can't remember how old u were but I can remember u getting hurt and big sis beat Alton up for you.. Oh how I wished I could bring u home with us again and we could go back to a young time in our lives.. I would My you stick with me and never let you go off or stay anywhere without me.. I would protect you from everything I could but I know we grew up and I got married and we lost special time that I'd give anything to get back but I know we always loved one another.. I Love You Daniel I Will See You In Heaven One Day Until Then U Will Be In My Heart Thoughts And Memories.. RIP BROTHER
