“ I am so sorry for your loss. My memories with Don and Shirley was at the ballpark. Don was a great man and always showed patience around us buncha women. And that took some guts. I am out of town but wanted Shirley to know she had a good man. God bless you and your family Love, Janine Cornelison

“ My grandfather Don was very special to me & no one could ever take his place. He taught me how to read, ride my bike, play ball, memorize multiplication tables, drive a car & much more. He always pushed me to work hard & do my best & I would not be who I am today without his help. He had been sick with kidney failure & dementia for several years now & I hated to see him that way. We knew it would come to this eventually but not as quickly as it did. I know in my heart he is in a better place & no longer in pain or suffering. I have hopes to meet him again one day & have fun times like we have always had. I love you dad!
