“ *Donna was a big part of my childhood. She was my mom's room mate for six years. I can still remember her letting me drive her Volkswagon Jetta from the end of our dead end road to the house. We would have our own cooking show and I would be her assistant. Donna was a very good cook. She was always able to make you smile. I loved her sense of humor. When my mom was in the hospital last year, she would call and check on me and even shared a funny story about her and my mom working in the yard one day. She always made me smile!!!! There are so many things that I see or hear throughout my daily life that make me think of her. She will always have a special place in my heart. I love you Donna Sue. Don't worry about Lesley Anne... Ba and Aunt Jodie will be here for her! I promise. Rest in peace.*
