“ One of the first memories I have of Mr. Glen is when my mom and I walked over to his house when he first moved in..... He and my mom stood there talking to each other and I didn't exactly want to talk to someone I didn't know that well bc I was 7-10 years old when he moved in! Anyways, I don't know if he could tell I wasn't comfortable or if it was just his kindness that he always had about him...anyways, he picked up this little bitty twig, snapped it in two pieces and handed me one and he kept one for himself....he looked at me and said that as long as we each had out piece of that little stick that we would always be friends!! And we were!!!
