“ I first met Hope while I was working for Aric Butler, her chiropractor. She and her husband grew to be some of my favorite patients. She was always so sweet, even though she had terrible crippling arthritis and I'm sure was in constant pain, she always had a smile on her face. I later went to work at a Dr's office in Florence where I just so happened to have worked for her primary care physician. I would see her out and about occasionally in Lexington as well and she would always stop me, hug me and speak to me. She had one of those personalities that you will never forget. My prayers are with her family and friends. Hope, rest easy my sweet friend!
