“ When Brad and I were riding bikes in 7th grade, he was always so nice to me, put air in our tires and gave us rides to ardmore and he would buy us candy. I seen him about a year ago and he hugged me and was so happy to see me because it had been a while. He was a great man, parent, worker, growing gardens and taking care of ma Franklin. Dad and Leon were good friends and he was always in a good mood and could lift your spirits. Hopefully dad and I can get to the funeral at 2pm , if we don't, lmk where to come and I'll drop some food off and see everybody at least. Your all in my thoughts and prayers and I know God is waiting on him to get up there and make a bar that serves veggie juice and fruit juice that he will love, and hanging out with his friends and family who will be there. I'm so sorry for your loss and I pray you all can get through this, it's going to be hard, but you will be taken care of and if you need anyone just lmk. Sincerely, Sue McCown Benefield

“ Leon Puckett was my great uncle. Here are a few things I remember the most and that describe him. Uncle Leon always had a joke and a smile ready for anyone who needed it. But, if you messed with his family you would quickly find out he wasn't always jokes and smiles. I always loved spending summer days with him and Grandma. He was a hard worker who took the time to teach me how to bottle feed a baby goat or give me a ride on a tractor. He loved this country and had the courage to defend it. He was a true patriot. After my mother died, he made it a point to check in on my daddy. Daddy loved those visits with him. Not only did Uncle Leon take care of his own immediate family but also his extended family. He will be missed by many. Much love to his wife, children, grandchildren, great grandcildren.
