“ Many years ago a group of young men and women from a small country town shared four years of our life together - including Kenneth Perry - at Lawrence County High School. A couple of years ago Bob and Linda Markus, and I, made a special visit to Kenneth and Violet's home in Ardmore, Tennessee. In the years since our school days Kenneth had led a long and productive life and was fortunate to have had a caring and loving family. In his later years he had been faced with one of the greatest challenges of his life but our visit with he and Violet revealed their determination to make the best of the life that was presented to them, and Kenneth still displayed that country humor and determination he had in high school. RIP Kenneth – job WELL DONE!

“ Mr. Perry and I had some of the same interests in common, Walking Horses and beagles. I enjoyed the many conversations we had over the years. He was a fine man and I was honored to have known him. I extend my deepest sympathy to his family.
