“ *I remember when Chuck and MaDonna were teenagers and she came to one of our family gatherings. It was evident then how much she loved Chuck and the whole family. She has always been very kind and welcoming. I always thought her presence brightened the room because she had a way of making you feel special. Her loss has been a huge shock and she will be missed terribly. May the example of how she lived and the memories made with her bring comfort for now til we see her again. Prayers for the family.*
