“ One of the finest ladies I have ever know she was reserved and soft spoken she loved her family dearly Elkton Tennessee has no idea of the loss of this lady my mother Louise Scott and Mrs. Gates enjoyed each other so much my mother got cancer and Mrs. Gates was always here the friend the neighbor she always had been she loved her garden and flowers I never in 59 years hear her say a bad word about anyone if this world only had more people like her what a wonderful world it would be to say she will be missed is a understatement. I hope everyone I know will say a prayer for her family and heaven received another angel she is where she should be no more suffering or pain all I have is such wonderful memories of her what more could anyone ask for god bless her family .
