“ *Ms. Mary was Faye’s roommate last fall at Elk River. She was very protective of Faye which we were very grateful for. She was quite a firecracker. We enjoyed hearing her stories about the Pentagon and traveling to California in her red car. Prayers for her family. Janet and Steve Ford*

Mary Ann and I along with two other young ladies were "roomies" back in the 60s. She was always a good friend. Yes, we enjoyed hearing about her travels and adventures while working in the Pentagon. David and I will miss her!!!
