“ I met Nicko almost 3 years ago when I started at MTM. He was a very aspiring team member at that time and wise beyond his years. He was the first team member on our line to get promoted to Team Leader. He was a go-getter and challenged everyone to be better than the day before. Nicko was my mentor when I was promoted to team lead and I am grateful for the knowledge and know-how he passed down. We still have things at work that will forever be Nicko. You may be gone my friend, but you will most definitely never be forgotten!!!! Miss you man!!!!

“ When Nicko was a child he heard my mom, sis Margaret make a testimony about milk. It was a touching story. He drew her a picture based on her testimony. It was soo precious like him. We put it in mom's casket before they buried her. He also made me another picture for a keepsake. A gesture from a young child you never forget. Sis Gail McAllister

“ I remember Nicko as a terrific young man who had an infectious smile. Always energetic and eager to help anyone out. He was the type of guy who made you feel good just to be around him.

When he lived in Indiana (The North) - he often met with and spent time with his cousins and close friends .

One evening , I called / texted Lauren (Nicko's cousin) because I had a flat tire and needed a ride home until I had my tire fixed .

Apparently, it was an evening where all the Duvall cousins and close friends were out together ... because within minutes , I was surrounded by Nicko Duvall and about 10 cousins and close friends . Nicko changed my tire- my vehicle was driveable that evening.

Nicko became my hero from that day forward . I never forgot what kindness he displayed.

One story of kindness shared - to the many stories yet to be told!

“ *There is so much I can say about Nicko. Like how great of a guy he was, how he had such a free spirit, and how he always was smiling (that goofy one) that kept us all laughing. I'm so going to miss that smile. He had so much energy for our entire Team at MTM. He came to Discovery Chassis as our baby and we watched him grow into such a well loved and respectful young man. I will miss how we use to race out of the work place to make it to our cars fast so traffic wouldn't catch us (we made a mad dash every day as team members, lol) and his stories about the cats and donkey he inherited and loved so much. Most of all the unconditional love he expressed for his family. Nicko will definitely live on in my heart and soul. RIH*
