“ *My Uncle Ronald A generous man who had a kind spirit and very rarely raised his voice. A man who knew how to listen. A man of few words but many many smiles, who loved deeply and gave his love, his time, the peace maker and one who always showed up for everyone. A man who had great taste for life, trusted and believed in everyone. I have so many great memories of you as our babysitter that had great energy and love playing games with us, horseshoes, hide and seek. I remember always watching movies at night with us, all 3 of us kids piled on the couch with you and I always fell asleep on your chest. You have and always will be one of most unique ONE OF A KIND favorite uncle RON RON! You will always hold a large and dear place in my broken💔heart. If tears could have brought you back then even GOD himself knows that all the tears that have been shed for you since your passing, you would have surely been brought back to life. You will always be live on in our hearts and the beautiful memories you have left us with. I know so many that have come to know you in life can only say they were truly blessed with such a great friend. One of the greatest that gave the best of himself as a husband, father, son, brother, uncle and of course the best of the papaw! No more pain and suffering as you can now rest in peace. Since your up there with the rest of our great guardian Angels, Mamaw and papaw I miss and love them everyday, and Aunt Betty, Aunt Sharon, Aunt Norma, & David I miss and love them all dearly. I love you and miss you so very much Uncle Ronald & never will I forget you until the day I see you all again love always. Your 💔niece Brenda...*

“ My dear sweet brother I have so many wonderful memories. My best ones are spending time on 4th of July reunions. All the good times I was so blessed to have spent with you and Sandy sitting around the camp fires at night and you would trade me and tell me that when I passed on you were gonna cremate me in the campfire so that I would still always be right there with you and Sandy for every campfire even after I'm gone. All the times the three of us spent dancing and having good times, when we would go out to eat together on the weekends. Those are my best memories and always will be. You my brother have always been (my) your brokenhearted sisters keeper and still even though your gone will be my keeper. My heart is so broken without you and always will be broken not to hear your voice. Give mommy and daddy a big kiss for me and tell the rest of those we have lost and love and miss you all so much. I love you my brother always and forever.

“ Man I have so many things I want to say to my Uncle Ronald but can no longer say. I wish I grew up with a good strong family foundation that focused on family and tradition. Unfortunately I didn't and for that I grew up a man early and on my own living out of state. I do have some memories of my Uncle Ronald from a very young age and they were all great ones. Uncle Ronald was a great man and Uncle. Uncle Ronald was one of my favorite Uncles and he will be dearly missed by many I know. I wish I could have had an opportunity growing up to spend more time with Uncle Ronald and as an adult to spend time with him man to man. It's been a very long time since I have been able to tell you Uncle Ronald but I want you to know I love you very much and miss you very much. You are in a better place and I know you are not suffering any longer. Go Tide👊
