“ *Ruanna and I had such great memories when we were young. I visited from Michigan when I was 11 and I lived in Ardmore for a year when I was 14 I live across the street from her in my grandma's house. We had a beautiful time with different fun outdoor things and the horses. One of my fondest memories was when we tied one of the horses to my grandpa's old house and the horse took off and tore the column off. We said to column back up on the house. A storm blew that night and he always thought the storm made the column fall off the old house. We never told him what really happened. I watched her play softball. She was beautiful on her pageants. God bless you all. I know it's a loss to all of you she loved you.*

“ I visited Ruanna at 11 from Michigan and lived in Ardmore across The road for a year at my grandmas. We had many good memories. One of them I remember I was so fond of . We tied a horse at my grandpa Redus,s old house and The horse tour the whole column off. We set the column back on the house carefully and that night a storm blew through. My grandfather always thought that the weather tore off the column and we never let him know the truth. We had a lot of fun at a beauty pageant. I used to watch Ruanna play softball. We kept in touch later in years a couple of times and spoke on the phone some. I know she will be missed by all of you, and also know her sister will greet her with open arms along with others that have passed on. Prayers to all of you. I know that you will also have memories pop up that make you laugh, and that make you cry as they are special. She was funny and a spitfire as a child. God bless you. and hugs to you all. Love you
