“ I did not know Susan but am a relative of Aimee Pressnell. I just want to express my sincere sympathy to her and the entire family at this sad time.

“ Today, one of my BEST Friends from Johnson Junior High School in Athens passed away. Susan took care of me when my family integrated the school. She stood by my side and always made me feel proud of who I was as an African American. Her mom, Doris Pressnell, was also a Rock to me and my Family. We love you Susan and you will be missed by many! She always told me she was proud of me every time I would see her!

Susan, your life will always live on in my heart and I will forever tell our stories to my children in hopes of them sharing with their children (Ebony and Ivory).

With all my love and heart,

“ I am so sorry for the loss of Susan. We go way back. I know it must have been hard watching her with the health problems. I can still see her sitting at the dinning room table at Jewel and Billy Creecy house. Mom and dad were also very fond of her. I hope that she can tell them hi from all of us and also rejoice in the family reunion for all of those that have past! I love you guys and my thoughts and prayers are with you all.
