“ *RIP Tina. I am in total shock. You were a big part of my life for many years. It's because of you I'm here in Alabama. I was just a kid when I met you and I thought you were the coolest person around. We all became a close nit like family. We were always having little get together and you were there for my mom and me when we lost Thomas. Michael and Chad were like brothers to me and we had our battles but we were also friends. I never got to tell you thank you for everything you did for me and for my mom. You will be truly missed. You are at peace and you are with your mom dad and your brothers. Go and sing with the angels for your work here on earth is done.*
